Final Year Project

AI based Website Builder

Guided By:

Dr. Saurabh Khare

Department of Computer Science
& Engineering.

Submitted By:

Anurag Vishwakarma **21017C04014** *[Leader]*

Anuj Gupta **21017C04011**

Aditya Bisht **21017C04004**

Computer Science & Engineering.
6th Semester

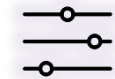

What is AI based Website Builder?

- AI website builders are tools that use artificial intelligence technology to ***create websites quickly and easily***.
- They offer pre-designed templates that ***users can customize according to their choice***.
- AI website builders can ***automatically generate content, layout, and design elements*** based on user input.
- They are user-friendly and do ***not require coding skills*** to use.
- AI website builders can ***save time and money*** for individuals and businesses looking to create a professional website.

Why we need AI based Website Builder?

- *Time-saving*
- *Cost-effective*
- *User-friendly*
- *Customization options*
- *SEO optimization*

Flow of our AI based Website Builder.

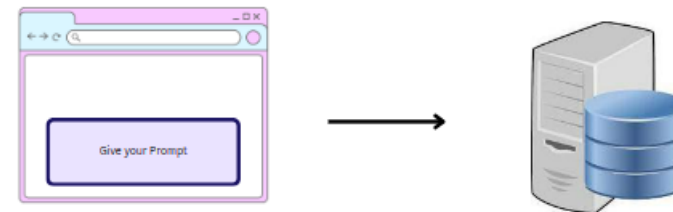

1. *User chooses a design.*

2. *User provides all the basic details of business.*

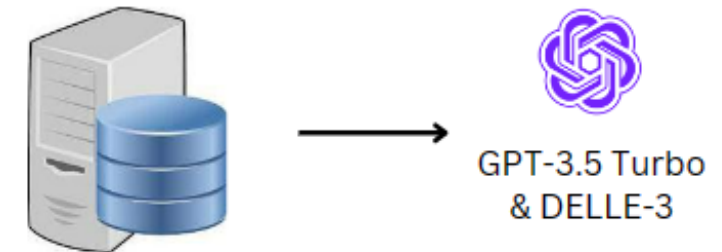

3. *Now, the browser sends request to server in-order generate the website.*

Flow of our AI based Website Builder.

4. *Server Generates the Website Content (text, & Images) via GPT-3.5 Turbo Model, etc. based on the provided input from the user.*

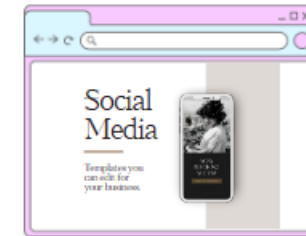

5. *Now, our backend will assemble the entire website for the user using the user's provided data & AI generated data.*

Flow of our AI based Website Builder.

6. *At the and the user will receive the desired website according to his/her need.*

Our Tech Stack for Building this Project.

- *For Designing the UI.*
- *Frontend Development.*
- *Backend Development & Data Base.*
- *Generative AI Models for text, images, etc.*
- *Deployment & Version Control.*

EC-2

Future Scope of this **project**.

- 1. We can launch this project as a SAAS product.***
- 2. We can convert this idea into a Start-Up in future.***
- 3. Will do even more improvements in this project.***
- 4. We can than, start charging for this product to make no-code websites.***

THANK YOU

A Presentation by Team of AI based Website Builder.
